- None reported.

Service Interruptions:

- None reported.

WEATHER OF CONCERN

Weather of Concern

- A dry and cool air mass will move over the Great Basin and central Rockies bringing moderate to strong Santa Ana winds to the Los Angeles and Ventura County mountains and most valleys 1800 hours Sunday.
 - Northeast winds up to around 60 mph in the mountains and 45 mph in the valleys will combine with humidity bringing single digits for many areas during the day on Sunday.
 - This will be a short-lived, but intense event that could result in rapid fire growth given the very dry vegetation and lack of significant rainfall this season.

Active Weather Warnings, Watches and Advisories by County:

- <https://alerts-v2.weather.gov/counties/CA>

WEATHER SYNOPSIS BY REGION

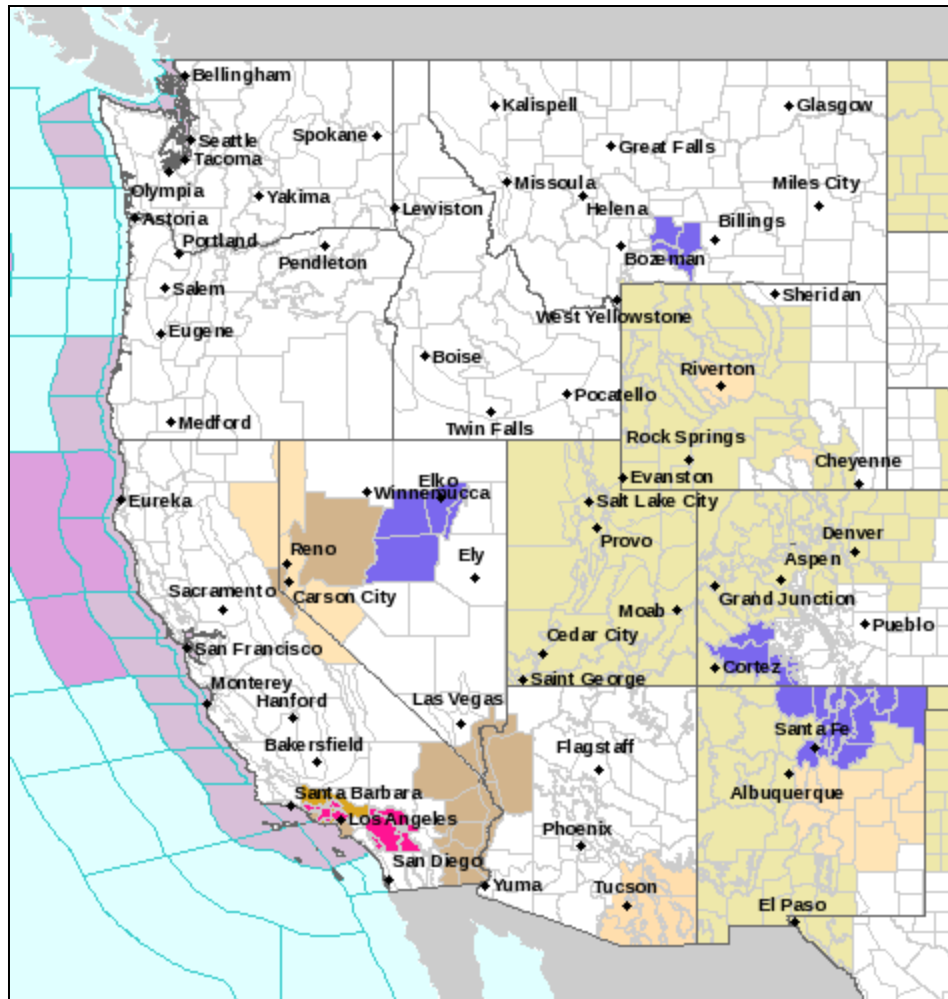

NORTHERN CALIFORNIA

Lighter winds today and slightly cooler. A chance of light rain/snow showers over the mountains tonight and Monday. Main forecast highlights for the short term forecast are light rain for the Sierra foothills and Sierra mountain snow tonight through Monday night. Water vapor and model analysis showed a shortwave ridge of high pressure over northern California with a quick-moving upper level low approaching the Pacific Northwest overnight. Mid to high level clouds were increasing with the increasing stream of moisture ahead of the impending disturbance along with subtle height falls. Today will be seasonable with increasing cloud cover in the afternoon as shortwave ridge breaks down and upper level low moves into the area. Winds will start off calmer in the morning, but speeds will increase over the Sierra high country in the afternoon and evening. Light rain will affect the Sierra mountains and foothills with light snow accumulations mainly south of I-80. Anticipating between 1 and 3 inches, although locally higher amounts cannot be ruled out.

SOUTHERN CALIFORNIA

Gusty Santa Ana winds continue to develop across much of Los Angeles and Ventura Counties this morning. Damaging wind gusts have already been recorded in the Los Angeles County Mountains this morning. Winds have been a little slower to develop as the marine layer has been lodged in over the coast and valleys. Gusty northeast winds now are spreading into the valleys and will spread into the coastal areas through sunrise. With the Santa Ana in place and offshore flow, warmer and drier conditions should be expected today. No changes are planned to the headlines, but wind speeds have tweaked slightly to where the strongest winds are expected.

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

- **2018-LAW-45185, 02/09/18, 1905 hours:** Solano SO requested SAR resources for 02/10/18 to located a missing 27 year old male that had been missing since Super Bowl Sunday, Feb 4th. The missing person left his vehicle and personal belongings behind and has had no contact with friends or family since. Fairfield PD reported the missing person as “at-risk”. A hasty search on Thursday resulted in positive canine reaction, but the missing person was not located. Napa and Contra Costa County SAR teams accepted the resource request. The OES Canine Coordinator was notified to provide requested canine resources. **Mission Ongoing**

Cal OES MISSION TASKING

Cal OES Missions

- **2018-Southern-44905:** Communications support, Baker to Vegas Annual Challenge Cup, San Bernardino County (Coordinating)
- **2017-SOC-44098:** CalRecycle Debris Management Team in Ventura County
- **2017-SOC-44022:** Two E-BAM (air monitors) from Air Resources Board/Office of Emergency Response to monitor smoke from the Thomas Fire. Location one: Olga Reed Elementary School (480 Centennial St., Los Alamos); Location two: Carpinteria City Hall (5775 Carpinteria Ave., Carpinteria) (On Scene)
- **2017-SOC-43821:** DTSC to remove household hazardous waste from over 500 residential lots in Ventura County (On Scene)
- **2017-Inland-42559:** Weather station installed to gather real time rainfall data by Air Resources Control Board (On Scene)

Cal OES

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
